Foyle Film Festival Showcase 2019

Many thanks to everyone who sent in entries to the Moving Image Arts Foyle Film Festival Showcase this year.

All centres whose films will be screened at the showcase have now been contacted.

If you have not been successful on this occasion, we want to thank you again for your entry. Many wonderful films did successfully make it to the shortlist but just not into the final top three in each category. Please be assured that the competition was of a very high standard again this year.

As in previous years, the top shortlisted films will be screened at events in both Derry/Londonderry and Belfast in November with large screens available again at both cinemas - the **Brunswick Cinema** in Derry/Londonderry and the **Odyssey Cinema** in Belfast.

We are therefore encouraging centres to bring students from across the different levels of MIA to their nearest screening, as this will be both a unique and enjoyable way for them to see the most technically accomplished and creative films from 2019. For non-MIA students who are potentially interested in the subject, this would also be a great opportunity to show them what can be achieved on the course.

All centres who entered films into the competition will receive priority seating at both screening events. We therefore recommend that you make contact with the relevant booking organisation at your earliest convenience to reserve your seats. Please find booking details below.
