

Circular S/IF/06/20

January 2020

To: Heads of Department for Learning for Life and Work/Citizenship

For circulation to: All Learning for Life and Work/Citizenship teachers

New Lesson Plans from the Northern Ireland Human Rights

Developing new lesson plans and teaching guides for all subjects can be very time consuming for teachers. Therefore, we are delighted to be able to offer teachers the opportunity to avail of the lesson plans developed by the NIHRC.

The lesson plans are relevant to the teaching of the Learning for Life and Work curriculum content and the GCSE specification. They relate to not only the Local and Global Citizenship areas but also the Personal Development and Employability sections. We hope you find them useful.

Lesson plans are available on the following topics:

- Child poverty in Northern Ireland
- Freedom of Thought Conscience and Religion
- Hidden Homelessness
- Migration Rights - Hidden Rights
- Issues affecting the LGBTI Community
- Mental Health and Wellbeing
- Participation of Persons with Disabilities
- Human Rights and the Work of the NIHRC

There is a link on the support section of the GCSE Learning for Life and Work microsite leading to these lesson plans. It is also shown below:
