

Circular S/IF/21/20

September 2020

To: The Heads of Department for GCE Health and Social Care

For circulation to: All teachers for GCE Health and Social Care

GCE Health and Social Care

Specification Amendment: Version 2: 29 April 2020

Please be advised that a small omission was made in the above named specification, has now been amended and is available on our website.

Unit A2 7: Human Nutrition and Health

Diet related conditions or disorders

The requirement is to prevent and/or manage the diet related conditions or disorders.

In the Learning Outcomes it will now state:

- analyse the dietary risk factors and appropriate advice to help **prevent and/or manage:**
