

**VERSION 1**

**VERSION 2**

**INSERT  
HEAD SHOT**

F Student has always enjoyed the technical side of drama and has been the lighting technician on every school production since joining the school, when he began by shadowing Mr Technology who taught him the basics. Since then he has undertaken work experience with the local theatre and works closely with their in house technicians on the annual pantomime, produced by Our Town Players. F Student was also responsible for the publicity materials for the show.

## Our Thanks...

P Caretaker for transporting the set during the tour of Road Not Taken to Primary School X and Primary School Y

Special thanks to the Mrs Art for creating the set and Mr Technology for operating the sound and sourcing the SFXs

To A Phil, B Davids, R Goodall and S Jackson for their funding support as part of our Fund Us Campaign a big POW thanks to you 😊

As always to our friends and family for constant support during endless rehearsals.
