

# AS Environmental Technology-teaching year-possible structure.

The following is based on;

- An allocation of eight 30/35 minute periods per week,
- A thirty week teaching year – does not include time for examinations/study leave,
- In the initial stage of the year teaching theory required to attempt Internal Assessment unit AS2,
- Dividing the teaching year into three blocks of 10 weeks each,
- Using 15 weeks to teach theory and 15 weeks to complete internal assessment.
