- Listen to as much German as possible. Watch even snippets of German TV or video interviews on the Internet.
- Listen to pronunciation on the recorded material used in the classroom, listen carefully to your teacher and to the German Language Assistant.

- Be aware of words which have the same or similar meaning, e.g.

## Practice

- Use past papers.
- Familiarise yourself with the layout of the paper.
- Make sure you understand the rubrics which are listed in the German Specification.
- Take account of the number of marks awarded for each question. This is a good guide to the amount of material required in your answer.
- If possible, listen to the text accompanied by the transcript in order to link sound and spelling.
- Each question has a title and a lead-in sentence. These will help you to focus on the situation and to predict the vocabulary you are about to hear.
- Make sure you answer in the correct language, e.g. if you answer in English in the German section you will get no marks.
- Attempt every question. Do not leave blanks. If necessary, have a good guess.
- Use the five minutes preparation time constructively. Devise your own method. You may find it helpful to underline the question word or annotate in English.
- When you have answered a question to your satisfaction and there is time left, use it to prepare for the next question.
