These lists are neither prescriptive nor exhaustive.

### Preparation

- Look up the CCEA GCSE Spanish specification and identify the key vocabulary you will be learning for each sub-topic of countries, nationalities and on holiday.
- Make notes on this vocabulary. Cut out the words and place in a word box, test yourself each week by looking at Spanish 20 words and see if you can understand them.
- Look at the useful verbs and begin to construct sentences which practice the language you will need to learn.

- Record yourself saying these sentences and play them back to check you can understand the spoken language.
- Review any websites you have used before and note down any listening activities you think would be helpful.

## Practice

- Complete the relevant activities included in the CCEA GCSE listening framework.
- Access CCEA GCSE Spanish SAMs for exemplar questions.
